WE DON'T CUT CORNERS. WE CLEAN THEM.

OUR CUSTOMERS TRUST US WITH THE KEYS TO THEIR BUSINESS.

WE TAKE THAT RESPONSIBILITY SERIOUSLY.

CUSTOMIZED SOLUTIONS...BUILT ON TRUST.

"Relationships are everything in our business, and we take that seriously."

When you give us the keys to your building, that's an awesome responsibility. That's why we have the same staff in your building every night, so you get to know them and trust them.

After we've visited with you to understand your needs and review your space, we customize a plan for your business. But more importantly, we deliver on that plan like no one else in this market.

WE BELIEVE IN DOING THINGS RIGHT THE FIRST TIME, EVERY TIME.

SERVICES WE PROVIDE:

- » Janitorial services & supplies » Steam cleaning » Operating room sterilization »
- » Restroom Sanitation » Floor maintenance » 24/7 Emergency service »

RAISING THE BAR... A HIGHER STANDARD OF QUALITY.

"We're licensed, bonded and insured. We conduct extensive background checks and pay a higher employee wage than our industry counterparts. Why this is important to you as a customer: Simply put, this affords us the ability to attract better quality employees who understand the balance between efficiency, exceeding expectations, and customer service."

LOCAL. COMMITTED. EXPERIENCED.

We've been serving the Upstate for two decades. Most importantly, from our employees to our ownership... we're local.

At Summit, we've got a significant advantage over our competitors. Because we don't pay franchise fees or sales commissions, we've managed to stay more cost efficient. That, coupled with the fact that all our payroll taxes and profits stay right here locally, allows us to support our local economy and hire the best crews to take care of your business.

ATTENTION TO DETAIL...EVERYTHING MATTERS.

Appearances can be deceiving. We don't just clean for appearance, we clean for the health and safety of your staff, your patients, your customers and your reputation.

YOU NAME IT...WE CLEAN IT.

From the tops of partitions to behind the toilets, we make sure all chrome and brightwork is shined and floors are cleaned and detailed properly.

With Summit, you're hiring teams trained with the standards expected in cancer centers and surgery centers—places where infection control is critical.

Whether you're a university or office with high-traffic areas, or a medical center that needs the highest attention to detail, we can help.
